## Program Details of SocialPrachar Sankalp 2.0

**Full Stack MERN with Java/Python - 6 Months Program (3 Months Training + 3 Months full day Internship in IT companies)**

### Program Overview

This comprehensive program is tailored for aspiring Full Stack Developers who aim to build robust applications using the MERN stack. The program also includes backend development expertise with Java or Python, ensuring versatility in the job market.

### Key Features

1. **Industry-Oriented Curriculum:** Designed in collaboration with industry experts to meet the demands of modern web application development.
2. **Project-Driven Learning:** Each module includes mini-projects, culminating in a capstone project to develop a complete eCommerce application with deployment on cloud platforms.
3. **Flexible Backend Options:** Choose between Java or Python for backend development based on your career goals.
4. **Dedicated Mentorship:** Weekly 1:1 mentorship sessions to address individual doubts and guide career planning.
5. **Exclusive Internship Opportunities:** Collaborate with real clients during the 2-month full-day internship to solve practical challenges.
6. **Small Batch Size:** Only 15-20 students per batch, with just one batch per month to ensure personalized attention and quality interaction.

## Course Structure

### Total 6 Months Program Divided into 3 Parts:

1. **Part 1:** HTML, CSS, JavaScript, Bootstrap, ReactJS (3 Months):
  - Core frontend development skills.
  - Focus on building dynamic, responsive web interfaces.
2. **Part 2:** MongoDB, NodeJS, ExpressJS:
  - Daily 6-hour internship coupled with 2-hour backend classes.
  - Hands-on training to develop and integrate APIs and databases.
3. **Part 3:** Optional Backend Language:
  - Learn either Java or Python based on interest.

## Assignments and Assessments

- **Topic-Wise Tasks/Projects:** Over 50+ hands-on assignments.
- **Weekly Coding Tests:** To reinforce learning and practical application.
- **AI-Powered Mock Tests:** Assess and improve coding proficiency.
- **Monthly Mandatory Tests:** Structured evaluations for consistent progress.
- **Topic-Wise Tests & Mocks:** Ensure in-depth understanding of concepts.
- **Interview Preparation:** Starts from the 2nd month itself.
- **Company Interviews:** Begin after the 3rd month, running parallel with the internship.
- **Earning Opportunity:** Earn up to Rs. 45,000 INR during the internship phase.
